Taking Charge of Change

Our 2016 Coop Community Tour with Cabot Creamery Cooperative was not only a success but a fantastic opportunity to get out and meet so many great members! Thanks to Cabot for visiting so many of our members with their Gratitude Grill! We really were able to showcase how Cooperatives work together to educate, connect and promote across our state!

Join us for our Co-op
Month Celebration

Luncheon!!

Wow what a 3rd Quarter! We have completed two of our three Mini Co-op 101 sessions and are looking forward to the last one in October in Raleigh! (Registration still open online!) What a great time getting out regionally to meet and educate everyone about how we apply the 7 cooperative principles to our daily lives! From one attendee: "This workshop made me appreciate my career choice even more". We are excited to hear great things from those that have attended!

We also completed our September Cooperative Community Tour with Cabot Creamery Cooperative and their Gratitude Grill! What a fun time to see everyone and eat all the delicious dairy products that the farmer of Cabot provide! Hearing from several of their members, leaders and partners was key as well!

We are looking forward to our Cooperative Month Celebration Luncheon on October 26th and hope you can RSVP to join us. If you are celebrating Cooperative Month, use #CoopMonth to promote and connect through Social Media! We will be highlighting our members all month!

We have rolled out our Community Cooperative Scouting Patch, if you would like to host a troop, let us know! Free patches provided by Cabot Cheese and NCBA!!

**Save the date for Raleigh events:
